

30' BLIMP

The 4 Tail Fins are removable for replacement or repair.

Due to the large size of the four tail fins, they need to be shipped disassembled and not attached to the blimp.

The standard advertising space and banner size for the 30' Blimp is 60" x 192".

You may apply paint or vinyl letters directly on the blimp or on blank banners.

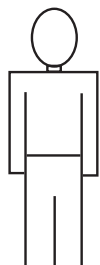

You may order lettering or artwork painted directly on the blimp or on blank banners.

Below are examples of what 1, 2 & 3 lines of lettering might look like.

The standard vertical banner is 26" wide by 180" (15') long. Shown here at full scale.
